COLUMBIA, KENTUCKY, WEDNESDAY, APRIL 7, 1920.

NUMBER 24

Death of Dr. Ulysses Montgomery.

The subject of this writing was born in Adair county, near the White Oak Church, seventy-three years ago, his birthday reaching that age would have been last Wednesday, and his death occurred in Louisville where he successfully practiced his profession for twenty years or more, the day before. He was a victim of Bright's disease, and he was an invalid several months before the end came. His wife died the first of March of last year, and the surviving members of the family are two daughters. His father, Dr. W. B. Montgomery, who in his life time, was a prominent physician, practicing in this and Russell county, Hon. Jas. F. Montgomery, of this place, is a surviving brother. The mother of Dr. Ulysses and Jas. F. Montgomery died when they were small children, and some years after her death, Dr. Montgomery removed to Russell county, having married his second wife, and it was in this county that the deceased and his brother, James, lived until they were grown. They were both ambitious and the subject of this notice adopted the medical profession and the latter took to the law; and in the meantime their father had returned to Adair county to live, and later he was followed by his son, Jas. F., who has been prominent at the bar here for more than thirty years.

Dr. Ulysses after his graduation from the Louisville University, commenced practicing at Cane Valley and a few years later he removed to Camp Knox, in Green county, where he was successful, and where he married the first time, Miss Eliza Cornelison. To this union no children were born, and after few years of happy married life, the wife died. Three or four years later he was again married to Miss Florence Mooreman, who was the mother of his two surviving daughters.

Dr. Montgomery stood high with the medical profession of Louisville, and his death cast a gloom over the city where he was known and appreciated.

Mrs. Geo. E. Wilson.

Surprised Their Friends.

Mr. Chris Dohoney and Miss Hallie Clarkston, both of this place, and who have been keeping company for quite awhile, surprised their associates last Monday by going to Lebanon where they were married. They were accompanied to Lebanon by Mr. John Jeffries and Miss Mattie Morrison. The groom is a son of Mr. and Mrs. S. W. Dohoney. When the call to arms came he enlisted and went across, remaining in France more than a year. He is industrious and never lacks for employment, and has many friends.

The bride is a native of Marion county, and is a sister of Mrs. W. E. Noe, with whom she has made her home since becoming a resident of Columbia. She is a very prudent young woman. Her modesty has won her many friends since coming here to live, and those who know her well, trust that only happiness is in store for her and the young gentleman of her choice.

Will you Help?

On account of flu conditions, the celebration of the 20th anniversary of Eld. Z. T. Williams' work with the Christian Church was postponed. The church now hopes to observe this celebration next Sunday evening Apr. 11, at 7:30. A cordial invitation is extended to the entire community.

See my line of printed Georgette crepe for blouses. Prices right.

Mrs. Geo. E. Wilson.

Misses Ruby and Ruth Sharp and Cecil Sullivan entertained a large crowd of girls with an Easter hunt, Sunday. Miss Bessie Bennett won the prize finding the most eggs.

Mr. Jas. Wilson, of Metcalfe county was married to Mrs. Elizabeth Taylor, in the suburbs of Columbia, a few days ago. Mrs. Taylor was the widow of Clarence Taylor.

The Jeffries Hardware Store is now ready to supply the farmers of Adair and adjoining counties. Read their advertisement in today's News.

Is it not strange that some men who think they are smart have so little sense that they have not sense enough to know how little they have got.

The farmers of Adair county were exceedingly busy all last week, and the industrious spirit will continue as long as the fair weather lasts.

The little child that was accidentally hurt at Campbellsville last week, is rapidly improving, we are glad to note.

Married at Cane Valley.

Last Wednesday afternoon about 6 o'clock, Miss Annie Farris, daughter of Mr. and Mrs. I. C. Farris, Cane Valley, and Mr. Jas. L. Pelley, who lives near Columbia, were quietly married at the home of the bride's parents, in the presence of a number of friends. The ceremony was performed by Eld. W. T. May, of the Christian Church.

Following the ceremony there was a bountiful repast, consisting of substantial and delicacies of the season.

On Thursday the couple came to the groom's home, three miles east of Columbia, which had been furnished and otherwise made ready for the bride.

The groom is a son of Mr. and Mrs. J. H. Pelley, this place. He is a popular and industrious farmer. The bride is one of Adair county's competent school teachers. Congratulations and presents have been coming in and Mr. and Mrs. Pelley are happy.

See my line of "Window Draperies" before buying. I have the latest materials.

Mrs. Geo. E. Wilson.

Married in Louisiana.

Monday afternoon of this week, Prof. T. A. Judd, son of Mr. J. H. Judd, this place, was happily married to Miss Isabella Newberry Gwin, a member of a prominent Louisiana family. The ceremony took place at Mangham, the home of the bride. Immediately after the ceremony the couple left for Atlanta, Ga., where they had arranged for a few days stay, and from there they will go to Jellico, Tenn., where the groom is superintendent of the schools of that city.

The bride is a leader in Church work, and is a graduate of Judson College, Alabama.

Miss Lillie Judd, who is a sister of the groom, and who teaches at Mansfield, La., attended the wedding.

In this place where the groom was born and reared he has many warm, personal friends. He is a young man of polished manners, a graduate of Georgetown College, possessing an irreproachable character, and the young people with whom he grew to manhood, will be glad to learn that he has been wedded to a companion who will be a helpmate in his chosen life work.

Some time after the close of this school year, Prof. Judd will bring his wife to Columbia, for a visit, and the two will be gladly received upon their arrival.

Married in Jeffersonville.

Mr. Calvin Cox, son of Mr. and Mrs. A. B. Cox, and Miss Mary Ruth Winfrey, daughter of Mr. and Mrs. J. C. Winfrey, this place, went to Jeffersonville, Ind., last Friday and on Saturday they were united in marriage. After the ceremony the couple left for Detroit, Mich., where the groom is employed. The bride is 14 years old the groom about 20. There were no objections upon the part of parents on either side. Their many friends extend their best wishes.

The groom has already purchased a nice home and has it well furnished. Miss Pearl Cox, sister of the groom, accompanied the couple to Detroit

When you speak a kind word to a child on one of our streets it soon passes from your memory. But not so with the child. That kind word and others like them are remembered and treasured, and exert a beneficial influence in moulding the future character of that child. Big things grow from little beginnings, and we can do much to improve the future of our community by using kindness and friendliness in greeting the little ones when we meet them.

Mr. Edwin Baker, who was a son of the late Horace E. Baker, Campbellsville, died in Lake View, Washington, on the 14th of March. He was a victim of pulmonary trouble and his illness was of long duration. He was 28 years old and a splendid young man. He leaves a wife and a three year old boy. Also four sisters, all married, and three brothers. He was a great nephew of the editor of The News, and a second cousin of Miss Sue Baker this place.

In the building of State roads Adair County gets three, as follows: From Columbia to Tennessee State line, near Willow Grove, Tenn., via Burkesville. From Somersett to Columbia via Jamestown. From Elizabethtown to Columbia via Hodgensville. These roads will be the making of Columbia and will greatly enhance the business of the entire county.

County Clerk Neat has issued the following marriage licenses since our report last week: Robert Gobel Stotts and Miss Sarah Walker, both of Dirigo; Racie Raymond Smith and Dollie Lee Wilson, both of Milltown.

All Master Masons, in regular standing, are requested to meet with Columbia Lodge, No 96, next Thursday night. Work in the third.

Born, to the wife of Henry Gadberry, Saturday, the 27th ult. a daughter.

Adair Post, No 99.

On March the 27th there was an organization formed here of the American Legion, to be known as the Adair Post, No 99. The membership is made up of young men who served in the world war and the object is to uphold and defend the Constitution of the United States and to maintain law and order and also to be ready when this country calls, to defend its colors. The following officers were elected for the coming year:

E. W. Reed, Commander.

Jas. Holladay, Vice Commander.

Ralph Hurt, Adjutant.

Shreve Davis, Post Historian.

Felix Royse, Master of Arms.

Leon Lewis, Finance Officer.

All service men are urged to join and those who want to take membership can get cards from any member of the Post.

Big Timber Deal.

Last Tuesday Guy Nell and Roy Stotts, both of this place, bought of C. D. Cheatham, all the merchantable timber on the farm which was owned by the late Ed Stotts, for \$6,500. This is one of the best boundaries of timber in Adair county. It is White oak and poplar and many of the trees are very large. Messrs. Nell & Stotts will begin cutting and hauling it to the mill as soon as they can make preparations.

Married.

Last Thursday forenoon Mr. Henry L. Sparks and Miss Nellie Murrell, both of Gadberry, drove to the home of Rev. George Collins where they were married. In honor of the event a bountiful dinner was served at the home of Mr. E. W. Bennett. The many friends of this very deserving couple extend their best wishes.

J. W. Flowers and Mrs. Lola Lovett, who owned the residence near the Graded School building, used at one time as the parsonage of the Presbyterian Church, sold it to Mr. T. A. Firkin, of Cane Valley, consideration, \$2,000. Possession will be given the first of July, at which time Mr. Firkin will become a citizen of Columbia.

Miss Mamie Morrison, daughter of George A. Morrison, of Adair County, was married in Lebanon Monday of last week to A. E. Thurman. The groom is 35 years old and is a son of W. H. Thurman, Jailer of Marion County. The bride is 21 years old, and recently she was employed at the Jeffries Hotel, this place. The couple left at once for Flint, Mich.

Mr. and Mrs. J. H. Pelley gave a dinner last Thursday in honor of Mr. and Mrs. J. L. Pelley, who were married Wednesday afternoon. The immediate relatives were present and a delightful dinner was enjoyed.

March has gone, and the ground pigs allotted time has past, and Easter blew in last Sunday. According to reckoning of all the older inhabitants, we will now have some pretty weather

Attention is called to the "ad" of Mr. W. C. Van Hoy in today's News. He is the owner of some fine stock and you should read what he has to say.

Mr. J. S. Breeding informs us that his Green river farm has been damaged more in the last few months than in twenty-five years past.

Tremendous hall at Cane Valley Sunday afternoon. A great many window panes were knocked out.

Mr. Eugene Wethington started his spoke factory last Monday. He has quite a lot of timber on the yard.

Some snow here Monday morning and the weather cold. Evidently fruit was chilled.

We publish all the interesting features of the New Road Law in this week's paper.

Paid List.

The following are new paid subscribers and renewals since our issue of last Tuesday.

Mrs. R. A. Montgomery, Mrs. L. P. Miles, S. L. Fisher, B. F. Thomas, J. W. Vaughan, J. C. Eubank, S. R. Elliott, Mrs. E. O. Morgan, Jo M. Rosenfeld, Solomon Grady, A. R. Thomas; J. S. Campbell, Col. An Old Card.

The wording of the following card was sent to Miss Eliza Todd, of this place. It was found in the papers of Mr. William Hutchison by his son, Joe: "The pleasure of your company is so solicited at a social and Cotillion Party to be given at Brown's Hotel, in Columbia, Ky., on Friday evening November 30th, 1866.

Committee of Invitation:

"M. H. Turner, A. K. Russell, R. R. Peebles, T. T. Wilson, C. R. Page, P. W. Vaughn, Thos. W. Montgomery, J. T. E. McLean, Geo. E. Johnston.

Floor-Managers.

"A. K. Russell, J. T. E. McLean." Not a person named on the card is now living, but the recipient is yet residing in Columbia.

"Life is not all talcum to the heavy tourist tube that cushions all shock when the car spins along a road with wheels turning several times a second," declares Buchanan Lyon Co local Goodyear distributor. "More than talc is needed to smooth the rough and stony life road of tubes that stand heat and cold, neglect and abuse.

Mr. A. R. Bishop who was the owner of the Novelty Shop in this place, assigned to Mr. A. D. Patterson, last Tuesday. We do not know the amount of stock on hand nor the indebtedness. The indebtedness is principally in Columbia and in Louisville.

STATEMENT of The Adair County News, published weekly at Columbia, Ky., for Apr. 1, 1920.

STATE OF KENTUCKY, ss.
COUNTY OF ADAIR.

Before me, a Notary Public, in and for the State and county aforesaid, personally appeared Mrs. Daisy Hamlett, who, having been duly sworn according to law, deposes and says that she is the publisher of the Adair County News and that the following is, to the best of her knowledge and belief, a true statement of the ownership, management, etc., of the aforesaid publication for the date shown in the above caption, required by the act of August 24, 1912, embodied in section 443, Postal Laws and Regulations, to-wit:

1. That the names and addresses of the publisher, editor, and business manager are:

More Business Houses.

Columbia is very much in need of a few more business houses. The Bank of Columbia is going to have the corner house where Mr. W. I. Ingram is now doing business remodeled for a banking institution, and Mr. Ingram is to remove his stock of goods to the building now occupied by Dr. J. N. Page. Dr. Page has been making an effort for the past four weeks to secure a room for his business, but up to now the outlook is not favorable for him. We hope so. He has been selling drugs so long that he would be greatly missed from the business affairs of Columbia.

House for rent.

H. T. Baker.

Badly Hurt.

James P. Petty, a young man of this county, who lives near Picnic, and who got fearfully mangled by a stripping machine, at Akron, Ohio, six weeks ago, was in Columbia last Wednesday, on crutches. He was enroute for Akron, to go under the treatment of a surgeon. In the accident his right knee was mashed, his back wrenched, and a terrible gash cut in one of his thighs. From his appearance we judge that it will be several months before he will be able to do manual labor.

Easter services at the Methodist and Baptist churches last Sunday. Special music at both churches and splendid sermons by the respective pastors. At the Methodist church Mrs. R. V. Bennett and Miss Frances Russell accompanied Mrs. Russell with violins. Mrs. Turney rendered a solo very beautifully.

The letter sent in from Ella, unsigned, could not be published. The contributor at Portland will also sign his letters. We do not want the names of writers for publication, but for our protection.

DEFERRED WORK ADDS TO RAILROADS' TASK

Large Capital Expenditures Required, Says Hines—Impossible to Do All Now.

In order to keep pace with the growth of business and production in this country and the demand for increased transportation facilities an enormous amount of railroad work must be done in the next few years which will require the investment of billions of dollars of new money. This is essential not only to maintain the railways at their normal high standard of service and efficiency, but also to make up for ordinary expansion and improvement needs on existing lines which were interrupted by the war and to a large extent deferred altogether.

Railroad managers realize that even if the necessary new capital was available it would be practically a physical impossibility for the railroads to accomplish any large part of this delayed and accumulated work during the present year. Consequently the most vital needs of the railroads will receive first consideration in the plans for the immediate future so that the public demands in the months of heaviest traffic may be served as efficiently as possible.

Vast Amount of Work to Be Done.

Walker D. Hines, Director General of Railroads under government control, emphasized this task facing the railroads after their return to private operation in a letter to Senator Albert B. Cummins, chairman of Senate Interstate Commerce Committee, and Representative John J. Esch, chairman of the House Committee on Interstate and Foreign Commerce. Mr. Hines presented this phase of the railroad problem to them in urging the necessity for pressing the railroad legislation and to point out that delay would seriously impair the public service by virtually suspending improvements and the acquisition of equipment."

"In order to keep abreast of the growth of business in this country," wrote Mr. Hines, "it is indispensable that railroads should continue to spend large sums in the acquisition of new equipment, the enlargement and up-gradation of terminals and the construction of additional and the enlargement of existing shops, engine houses, turntables, etc., and in the carrying forward of normal programs for the revision of grades, construction of additional main line tracks, longer and more numerous passing tracks, etc.

"I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when rundown. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

Goodyear Advantages in Tires for the Smaller Cars

Just as Goodyear is successful in building extreme value into the Goodyear Tires that go on the highest-priced motor cars, so is Goodyear successful in supplying unusual worth in Goodyear Tires for smaller cars.

Into the making of Goodyear Tires in the 30x3, 30x3 1/2, and 31x4-inch sizes have gone the full advantages of Goodyear experience, skill and modern facilities.

The results of this unusual endeavor are easily available to every owner of a Ford, Chevrolet, Dort, Maxwell, or any other car requiring the sizes mentioned.

Go to the nearest Goodyear Service Station Dealer's place of business for these tires, and Goodyear Heavy Tourist Tubes. He carries them in stock.

30x3 1/2 Goodyear Double-Cure \$23.50
Fabric, All-Weather Tread.....
30x3 1/2 Goodyear Single-Cure \$21.50
Fabric, Anti-Skid Tread.....

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in waterproof bag \$4.50

Every family boasts its superiors and inferiors, and more often than not the family is mistaken. Families are queer things in judgment of its members; they seem to find it impossible to judge impartially as they would judge outsiders. How often you hear something like this: "Isn't he a wonder, and he hasn't half the brains of his older brother?" Yet probably their own darling Sarah, or Anne, or whatever is mother's or father's favorite because she has never given them one moment of

humor that youngest child of theirs. They talk as though he were a wonder, and he hasn't half the brains of his older brother."

To be misunderstood by one's family is becoming rather a common complaint of youngsters. It is often very laughable, but it is sometimes unhappily true.—Lebanon Enterprise.

ANNOUNCEMENTS

FOR CONGRESS.

We are authorized to announce RALPH GILBERT of Shelby county, a candidate for the Democratic nomination for Congress in this, the Eighth Congressional District of Kentucky. State Primary Election Saturday, August 7, 1920.

We are authorized to announce FRANK L BIPY, of Anderson County, a Democratic candidate for Congress, in the Eighth district, subject to the action of the State primary August 7, 1920.

The fee to be paid by each applicant for a certificate to teach school, under the new law, is \$2.00. The extra dollar put on will approximately throw \$24,000 into the hands of the State Board of Examiners. The first examination in this county, for both white and colored, will be the third Friday and Saturday in May. After the examination here the papers will be forwarded to the State Board for a decision as to class of certificate. \$2.00 will have to accompany each application. A fellow with an inquiring mind recently asked what did the last Legislature do? The answer was the Sheriff will tell you all about it a little later.

The Democrats of Kentucky will meet in convention at Louisville in May to elect delegates to the National Convention, reorganize the party committee and adopt laws for the party government for another four years. The democrats expect to and will select the members of the committee which will have the party destiny in control for four years. The rules should be fair to all democrats and no person should be permitted to hold a position on or under the State Central or any district county committee who is a candidate for or holds any office elective or appointive. Such a reorganization will insure democrat success, party harmony, and will have a restraining influence on machine politicians.

For several weeks we have published a call over the name of the Chairman of the Adair County Committee, for a meeting of the Democrats of Adair County, in Convention, to be held here on Saturday, May 1st, to select delegates to the State Convention. Let as many Democrats as possible be in Columbia on that day, Saturday May 1st.

Mr. Hoover will not be nominated by the Republicans at Chicago. The man who will receive the nomination will be named by the bosses before the Convention meets.

The farmers of Adair County will pay out more money in taxes this year than any other year since Adair has been a county. There has been some legislating up at Frankfort. When the race for Congress opens you will hear some psalms sung.

DODGING BIG PROBLEMS.

The Republican leaders of Congress have made their plans to quit Washington early in June and return the first Monday in December. Representative Frank W. Mondell, leader of the House, and Senator Henry Cabot Lodge, leader of the Senate, are working to that end.

Some of the things that President Wilson asked Congress to do this session and which have not been accomplished and which are not likely to be done if the Republican plan is realized, are the following:

To provide for a federal budget system to prevent the waste of Government money.

To simplify the taxes on incomes and excess profits and to readjust other levies on the people.

To provide employment and land for former service men.

To enact laws to encourage farmers and promote an increase in crop production.

To afford protection for the nation's new chemical and dye-stuffs industries.

To give federal aid for the building of public roads.

To foster the development of forest resources.

To readjust the tariff system to meet changed world conditions.

To regulate the transportation of food in interstate commerce, the holding of food in cold storage and to prevent "unconscionable profits."

Up to this time Congress has paid but little attention to these recommendations of the President. It is the present purpose of the Republicans to get away from the State Board for a decision as to class of certificate.

\$2.00 will have to accompany each application. A fellow with an inquiring mind recently asked what did the last Legislature do? The answer was the Sheriff will tell you all about it a little later.

SPRING IS HERE BUT ARE YOU READY TO PARTAKE OF PLEASURES OFFERED?

Trutona is Daily Winning Unstinted Praise From Hundreds for Overcoming Tired, Draggry 'No-Account' Feeling So Prevalent During the Present Season.

Does the coming of spring with all its pleasures mean anything to you? "That all depends," may be your answer and admittedly "it all depends" it all depends upon whether or not your system has withstood the exacting siege of winter that leaves in its wake so many many thousands of people with completely run down systems.

In fact, conspicuously in the minority are those who have completely avoided the ravages of winter maladies. True there are thousands who were successful in warding off attacks of influenza and still more thousands who escaped pneumonia, but WHO IS THERE THAT DID NOT EXPERIENCE AT LEAST ONE HEAVY WINTER COLD DURING THE PAST SEASON? Remember, only second in severity to pneumonia and influenza, is the heavy winter cough or cold.

Like pneumonia and influenza, winter coughs and colds tend to weaken and materially effect almost every vital organ of the body. People who have winter cough yet feel that their systems have escaped the strain of winter weather, are sadly mistaken, if they could but grasp the facts they would not wonder why they

WHY HAVE "SPRING FEVER?"

Why Worry, Fret, and Get Nothing Done, Just Because Your Blood is Sluggish?

YOUR BLOOD NEEDS STRENGTHENING

People Nowadays Take That Wonderfully Effective Blood Tonic, Pepto-Mangan your Druggist Has it

Really, isn't it foolish to be handicapped for weeks in the Spring, just because your blood is sluggish?

The glorious Spring days! You ought to enjoy them, instead of feeling unhappy and half asleep—just too tired out for anything. You ought to be finding new vigor for your work in the Spring air—"pep," enthusiasm, happiness!

But you can't, because your blood is clogged with poisons. For long months it has had too little fresh air and has fought off many germs. And it now has heat-making properties that are not needed in warm weather.

Don't work under a handicap, when it isn't necessary at all. Clear up your sluggish blood. Give it help. Get some of that famous blood purifier and tonic, Pepto-Mangan.

Pepto-Mangan is used by physicians everywhere. You can buy it at any drug store in either liquid or tablet form, just as you prefer. There's no difference in medicinal value.

Make certain that you get the genuine Pepto-Mangan. Ask for "Gude's Pepto-Mangan," and see that the name "Gude's" is on the package.

church. Though he be gone his teachings will linger and be a bright spot in our memory.

In conclusion, I want to say to my long remembered friend, one that feels like almost a brother to me, to-wit, Charles Harris, former Editor of the Adair County News, that if the good Lord should permit him to live fifty years longer, and he would make a visit to old Adair county, he would find all the roads, in the county just as his dream was. The Year 1920 Will Be One Fraught With Momentous Making of History.

In the libraries of the future, the historical volumes, marked 1920, will deal with a critical period of the world's history.

The whole world is now in a frenzy of discontent. In the old world new parties with new policies, each striving for control, are walking hand in hand with the spectre of distrust, where they are not already dying in the flame of fratricidal war.

In the United States profiteering has become a science, all sense of values is gone. Bolshevism is raising its vicious head, and labor and capital, by passing the buck, each to the other, are leaving the middle class bearing the brunt of the burden.

It is a critical period through which this world is passing, and one that demands the whole-souled interest of every thinking man and woman in this world.

You can not perform your duties as a citizen of this country unless you think right; you can not think right unless you are fully informed; you can not be fully informed unless you read a daily newspaper.

As a citizen, and as a voter, you wish to vote intelligently. You wish to know what the leaders of the big political parties are offering as the panacea for this present condition. In order to perform this duty intelligently, you must have access to the news as it is published day by day.

Granted that it is your duty to read a daily newspaper, it is also your duty to read the paper that will give you the most news, particularly when its cost is the same as the others.

The Louisville Herald has the largest circulation of any morning newspaper in Kentucky, and all Louisville newspapers are sold at the same price, this is self-evident proof that it is considered the best paper by the most people.

The Louisville Herald gives you the news from the Associated Press, that wonderful news gathering organization, which covers the entire world with its list of correspondents; in addition it gives you all the news from Europe that is gathered by the Universal News Service; this in addition to The Herald's own list of special correspondents and its editorial staff. Nonnewspaper can give you more than this—few can give you as much.

The Louisville Herald, apart from its general news value, thoroughly covers the financial world, and keeps you fully informed as to the daily fluctuations on all marketable commodities. News of the world of sports is more than a tabulation of sporting events, as compiled for The Herald's sport page.

The Louisville Herald contains more features of general family interest than we have space to specify in the short space of this advertisement; but we will say this much, that there is something of interest to every member of your family in every issue. We will, if you are unfamiliar with The Herald, gladly send you a sample copy on request. We would suggest that in order to protect yourself against a raise in subscription price for the coming year, that you give your order to your local agent now; if there is none in your town, send in the coupon below.

Resting.

Mr. Thomas M. Moss was born in Adair Co., Ky., April 25th, 1861. Died March 5th, 1920, making him 58 years, 10 months and 10 days old. At the age of 26, he was married to Miss Minnie Bell, who preceded him to the bright beyond 19 years ago. To this union were born three children, Flora, Chapman and Lula. About 15 years ago he was married to Miss Amanda Asper. To this union were born two children, Clarence and Horace. All of his children were at his bedside during his last few days, except dear Chapman, who went to be with Jesus not quite two years ago. About forty-one years ago he made a bright profession of religion at his home and we have been told by his brothers that he shouted the praises of God for hours. He soon united with the Methodist Church, where he lived a true and faithful member until God said come home and today he is with Jesus. Surely no one ever left brighter evidence of a home in Heaven. What more could he have gained? While we could hardly bear to see him suffer so much and watch him weaken and grow pale in death, it was glorious to hear the sweet words that fell from his lips. His dying message, "I am going to Heaven." To us his life was beautiful. He was ever ready to lead in prayer or song, when

**FREIGHT LEAST
H. C. L. EXPENSE**

Director General Hines Says Railroad Transportation Costs Are Lowest in History.

NOT CAUSE OF HIGH PRICES.

Freight Advances Compared With Rise in Value of Goods—Transportation Cheapest Thing Public Buys. Charges on Some Articles.

Data compiled from authoritative sources shows that railroad freight rates are the least factor in the cost of living. Although the proportion of the total cost of goods that can be charged to transportation is not known with statistical accuracy, it is estimated that the average transportation cost of things produced in this country is a very small percentage of their total cost to the consumer.

Freight Cost 2.4 Per Cent of Total.

In a letter to Representative John J. Esch, chairman of the House Committee on Interstate and Foreign Commerce, Julius Kruttschnitt, chairman of the Southern Pacific Company, points out that in the last five years the value of goods increased on an average of \$63 a ton, while freight charges advanced only 60 cents a ton. In five years, he explains, the average value of freight carried by the railroads increased from \$56 to \$119 a ton. The cost of carrying this increased from \$2 to \$2.80, paid to the railroads. In 1914, he adds, 3.6 per cent of the total cost of the goods was spent for transportation. In 1919 only 2.4 per cent was spent.

"In other words," Mr. Kruttschnitt writes, "only 80 cents out of \$63, or 1.3 cents out of every dollar of increase in value of commodities in 1919 was caused by increased freight charges. The responsibility for the remaining \$62.20, or 98.7 cents out of every dollar, must be sought elsewhere. It was not caused by freight rates."

Rates Lowest in History.

Comparison with transportation charges in other countries shows that in no other country of the world is transportation furnished at so low a cost as in the United States. Compared, too, with the cost of other goods and services today, railroad transportation is the cheapest thing the public buys. It is sold for less than the cost of production, considering all the elements of cost.

In a statement on this subject to the New England Bankers' Association Walker D. Hines, Director General of Railroads, said:

"I think it is fair statement that at the present time, despite the increases which have taken place in freight rates, a ton of steel or a ton of coal, a bushel of wheat or the unit of any other commodity has to pay for transportation a less percentage of the price of that commodity than ever before in the history of the country."

Charges on Some Articles.

Before the war a suit of clothing from one of the Chicago factories, selling for \$30 in a retail shop, was carried from Chicago to Los Angeles for 16½ cents. The suit of clothes now retails at \$50 or \$60, but the freight rate on that 2,265 mile haul has increased only 5½ cents, while the price of the goods has gone up \$20 or \$30.

The 22 cents does not cover all the transportation cost in a suit of clothes, the transportation charge for carrying the wool from the ranges and the cloth to the clothing manufacturer and other minor carrying costs enter into the consideration, but the final transportation charge is the principal one, and the other charges add only a few cents more.

New England shoes are shipped from Boston to Florida at a cost of less than 5-2-3 cents a pair. This is an increase of only one cent over the pre-war rate. The railroads also carry beef from Chicago to New York for a charge of about two-thirds of a cent a pound. Typewriters are carried from New York to St. Louis for 66 cents. A \$150 phonograph is carried by freight from New York to Atlanta for \$2.85. A grand piano is carried clear across the continent for \$39 and in carload lots for \$28.

These are typical freight rates, and they make it plain that American railroads give the lowest cost service in the world.

Even with a very considerable increase in rates to make the roads self-supporting, transportation will still be the cheapest thing the public buys.

\$5.00 a year

—a friend with stimulating ideas on national and local problems, one whose views would command as much respect, for instance, as that received by the editorial page of the Louisville Courier-Journal:

—a friend who would meet you early in the day and tell you in a concise, authoritative way about every important world event during the preceding twenty-four hours, quoting what the New York Times was printing the same morning, what the reliable Associated Press was saying about politics, strikes, or the High Cost of Living; giving you news which he had received by wire the night before from correspondents all over Kentucky, Indiana, and Tennessee;

—a friend who would sit down while you were eating your cereal and draw a cartoon which would make you think, and then some pictures that would make you laugh;

—a friend versatile enough to give your wife just what she wants to know about cooking, shopping and fashions, then entertain the children every day with a forest animal story.

—a friend who is not obtrusive, but who stands ready, any moment during the day to answer your questions about racing, boxing or any other sport—and the next minute "tip you off," if you want him to, on the way stocks are selling on the metropolitan markets.

—If you only COULD buy a friend like that, and for \$5.00 a year.

A lot of our young men have resigned themselves to a useless life because they believe opportunity only knocks once and they were not at home when she knocked at their door. That's all foolishness. Opportunity is in the air, and all we need is to reach out and get it. The next time some job comes your way don't think, "Oh, that would hardly pay, and anyway, next week I had planned to do something else." Just go ahead and do it. It may develop into something worth while, and even if it doesn't you've gained a little more will power for the next attempt.

BALL CHIEF,
3806, A. S. H. R.

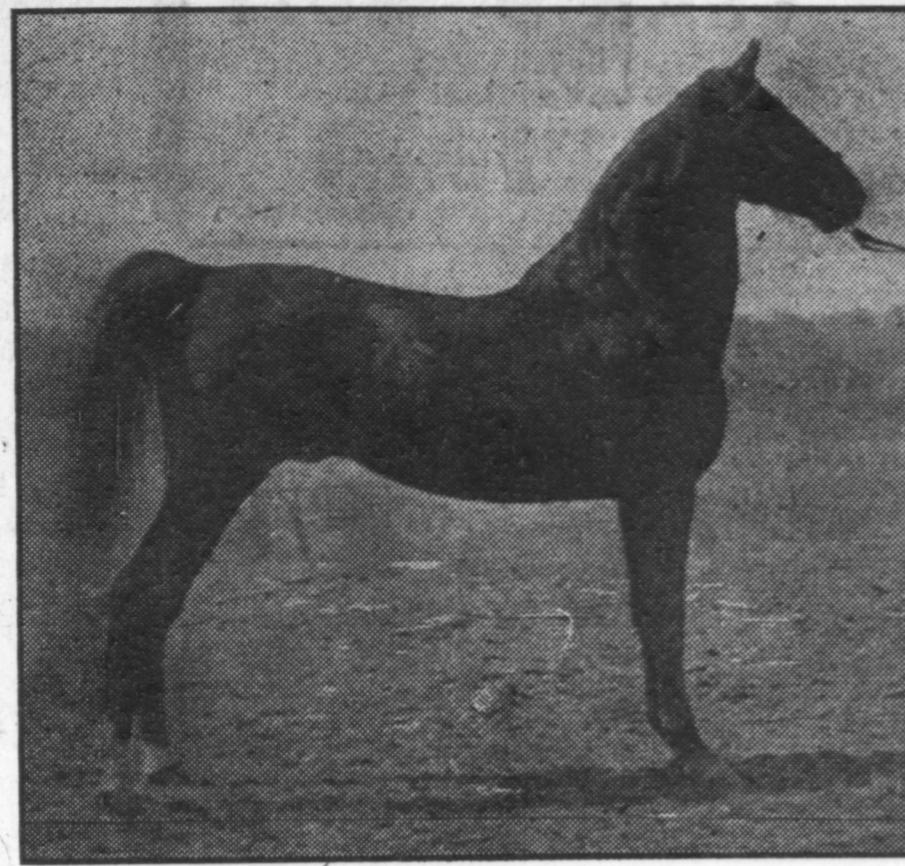

\$12.50 TO INSURE A LIVING COLT IN BOTH CASES.

DESCRIPTION:---Ball Chief, in color is a rich red chestnut, star and snip, hind pastern white, 10 years old, 16 hands high, has fine head and beautiful long slender tapering ears, has an extremely long thin blady neck, that comes out of his perfectly formed withers in faultless fashion and tapers perfectly to his beautiful head in which are set a pair of large clear expressive eyes. He has a high well set natural tail, which he carries at all times to suite the most fastidious. He has a good short back and a most excellent set of feet and legs. He is nicely broken and gaited, and goes all the gaits in a most attractive manner.

While he has not been extensively shown, yet, he has contended for honors in some of the best congregations of show horses and his many winnings are proof of his powers to meet the requirements in the best show rings. As a breeder he is in the front rank, transmitting to get, form, size, style, and manner of going that are his characteristics and which make, not only show animals, but the general utility horse---the horse that will always live in the fancy of men and perform the service in that manner that will command a fancy price.

BALL CHIEF has for his sire the champion Montgomery Chief, 1361, by Bourbon Chief, 976, by Harrison Chief, 1606, he by Clark Chief. 1st. dam Louis Abdella, 5000, by Red Spurrel, 53. 2nd. dam Juella C., by Jewell Denmark, 70, he by Washington Denmark, 64, 3rd. dam Dew Drop, by Artist, 75. 4th. dam by Cabell's Lexington. He has proven himself a breeder of high class and is in every way worthy of your careful consideration.

Lawrence Rousseau
2744, A. S. H. R.

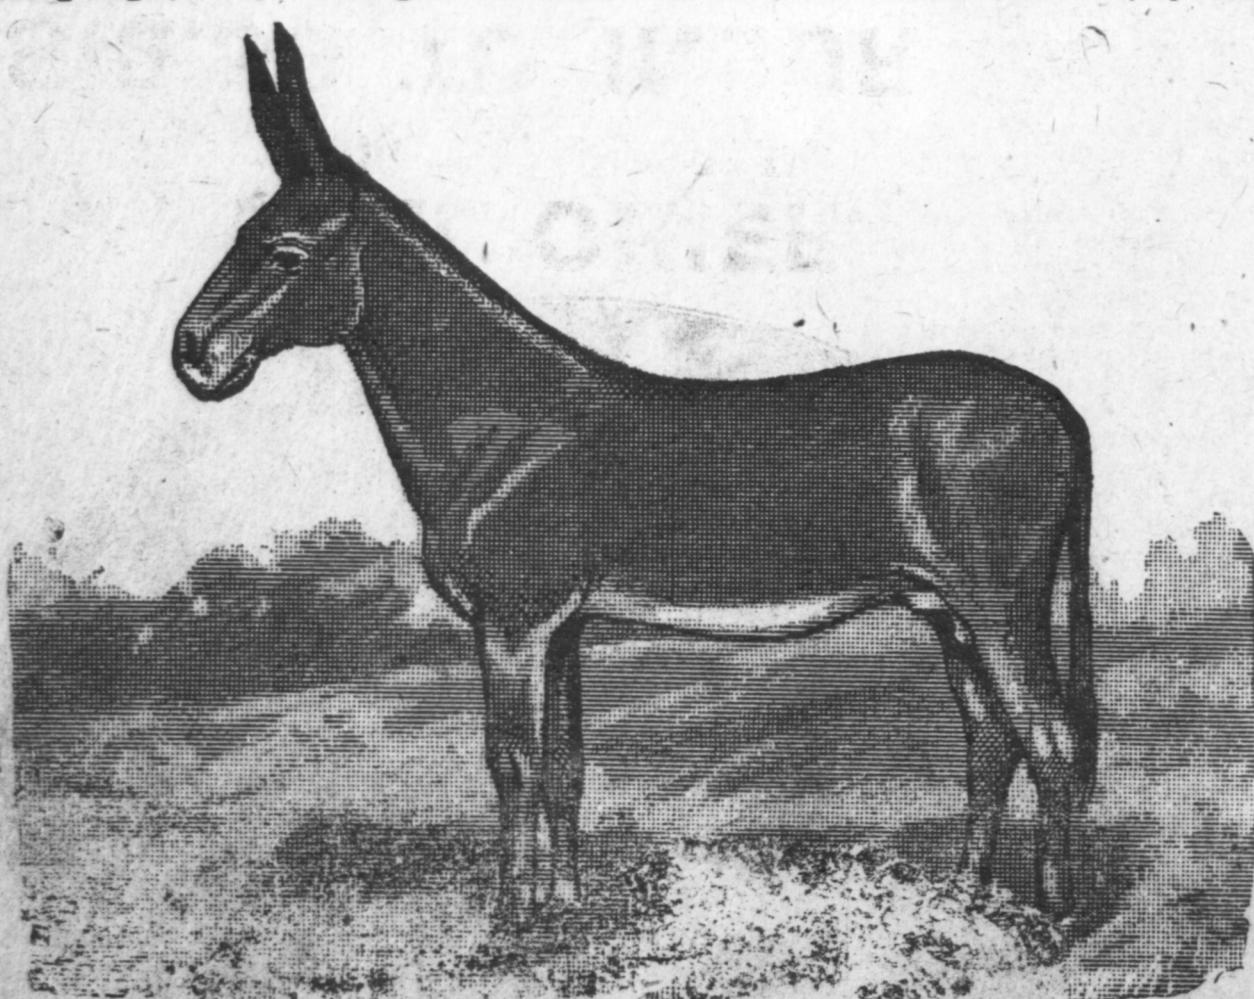

LAWRENCE ROUSSEAU, NO. 2744, A. S. H. R.

DESCRIPTION ADN PEDIGREE:—Lawrence Rousseau is the greatest horse sired by old Red Bird. It is now conceded by all good horse judges that old Red Bird is one of the greatest sires ever produced in Southern Kentucky. It is also generally admitted that Lawrence Rousseau is the finest individual, as well as the best bred colt ever sired by Red Bird. We have four important reasons for believing that Lawrence Rousseau is the greatest Red Bird horse in existence today. Our first reason is his superior individuality. Our second is the money for which he has sold. Our third is his matchless record as a show horse. Our last is the faultless pedigree which proves him to be the best bred horse in Southern Kentucky. Lawrence Rousseau is a chestnut sorrel, 13 years old, 16 hands high, with white hind feet, a blaze and snip. As an individual he stands almost without an equal. He has the size, the color, the form, the style, and the biggest ways of any horse in Kentucky. He was sold by R. F. Paull, of Columbia, when one year old for \$350, that being the highest price ever paid for a yearling colt in Adair county. He was sold as a two-year-old for \$600, again breaking the record for a colt of his age. He was shown as a yearling and as a two-year-old in six country fairs, and was never defeated by a stallion, mare or gelding of his age. He made his first show in the sweepstakes harness ring for all ages, but who won the premium defeating some of the best stallions sires by Dignity Dare. He was shown last summer in two fancy turnout rings, winning the premium in each case in competition with the finest horses in the country. This proves that as a show horse he stands without a peer for one of his age.

Rousseau, like his famous old sire, Red Bird, has proven himself one of the greatest sires yet known to the people of Kentucky. His colts are the kind that are the most sought by the dealers, as well as by every lover of a good horse. His colts are now reaching the age of maturity and a number of them have been sold at prices ranging from \$250 to \$400. Good horses were never higher and scarcer—not even enough to supply our local demand. There was never a better time in the history of this country to raise a good horse than now. If you want the best breed to the best. I respectfully invite you to inspect this horse, and his colts in this and adjoining counties before booking your mares.
